

SATLINK

WS-6906

Predetermined version

WS 6906 Rapid meter is based on patented technology developed by an entry-level products, For the antenna installation and adjustment and with low price, good quality, durable benefits.

through the voice of alarm, signal, the signal strength and carrier to noise ratio, etc. to remind the user to quickly complete the accurate positioning of the antenna

WS 6906 show up the clear font , brilliant appearance of the interface ,simple but useful manual ,it is most convenient product to grasp .

WS 6906 is built-in the satellite parameter which come from Asia/Europe/Mid-East and America .The consumer could Delete /Modify or Add the parameter via the Date Wire and specified program , Human-Computer Dialogue is a plus fashion .

WS 6906 exceed the limitation that only can display character on the similar production , 3.5" highly precise LCD lead to watch the FTA TV program immediately which it monitor or detect by the demodulator ,as a convenient satellite validated tool, the technical index has surpassed the mid range Digital Satellite Searcher .

The R&D teamer of WS 6906 optimized the electrocircuit ,eliminate redundant code due to capture signal more faster and effective, it is the most suitable Digital Satellite Searcher for satellite players and engineering technical personnel .

Technical Specification

WS-6906

Input Frequency

Frequency Range: 950~2150MHz

Signal Measurement

Signal Field Range: -65dBm ~ -25dBm

Input Impedance: 75Ω

Symbol rate range acceptability : 2Msps ~ 45Msps

Other

Figuration Dimension: 95×155×45(mm)

Net Weight : 0.4Kg

Gross Weight Include Package : 1.2Kg

Work Temperature: -10℃ ~ +40℃

Screen : 3.5" Highly Precise LCD

Audio Output: Inner Loudspeake

USB Port: Standard

22KHz Switch: Support

DisEqC1.0: Support

Power Supply

LNB Power Supply: 'H' +18V, ≤500mA, 'V' +13V, ≤500mA

DC Power Suppl

Power Adapter Input: AC110V~220V/60Hz/50Hz

Power Adapter Output: 14VDC 1500mA

Battery Working Time: 4 hours

SATLINK

Attached Accessories

AC Power Adapter : 1 pc

Instruction: 1

F Quick Connector: 1

Carrying case: 1

12VDC power charger: 1

USB software upgrade cable: 1
